Tamkeen

Letter of Recommendation

This letter is to recommend **Mhd Mouaz Al-Jafari**, who successfully completed the Backend Development with Laravel training track delivered by Tamkeen, totaling 110 training hours. Throughout the program, he demonstrated solid backend development skills in Laravel, relational databases, RESTful APIs, authentication, and Git-based workflows.

His final project reflected strong technical execution, structured architecture, and secure, high-performance code, earning a final score of [75/100].

Mhd Mouaz Al-Jafari, demonstrated a strong problem-solving mindset, showed a solid attention to detail, and a collaborative approach to development.

We recommend **Mhd Mouaz Al-Jafari**, for professional opportunities in backend development and trust that they will bring value to any technical team.
