Tamkeen

Letter of Recommendation

We recommend **Maher Shamih** for professional opportunities in frontend development and trust that they will bring value to any technical team.

This letter is to recommend **Maher Shamih**, who successfully completed the Frontend Development training track delivered by Tamkeen, totaling 110 training hours. Throughout the program, they demonstrated solid frontend skills in semantic web structures, crafting responsive and visually appealing layouts with CSS and Bootstrap, and developing dynamic, interactive user interfaces with React.

Their final project reflected strong technical execution, creativity, and attention to user experience, earning the following evaluation by the training committee:

Knowledge	HTML/CSS	JS/React	Creativity
9.7 / 10	9.8 / 10	9.2 / 10	9.5 / 10

Maher Shamih showed a strong problem-solving mindset, attention to detail, and a collaborative approach to development.
